**An Old Borden Boy's Death.**—On Thursday Mrs. S. A. Warner, of the Golden Fleece, West-street, Sittingbourne, received the sad news of the death in France of her elder son, Joseph John Warner, A Sister in No. 3 Casualty Clearing Station wrote to say that the young fellow was brought in on Saturday, the 14th instant, severely wounded in both legs. He died the same evening, having been unconscious all through. The Sister conveyed her great regret and sympathy to the bereaved mother, and added that her son would be buried in the cemetery at that station. Joseph Warner, who was only 19, was small in stature. He was an old Borden Grammar School boy, and afterwards learnt the business of a motor mechanic and driver at the Motor Garage of Messrs. Pullen Brothers, Park-road. He joined the Motor Transport on February 28th last, but was afterwards transferred to the South Staffordshire Regiment for training. Seven weeks ago he went out on draft to France, and was transferred to the East Yorkshires; and now comes the sad news of his death. The young fellow was much liked, and much sympathy is felt for the bereaved relatives.
